

Tri-County

Health Department

Serving Adams, Arapahoe and Douglas Counties

“...analyses also suggest that the COVID-19 pandemic is taking a larger economic toll on people of color. These disparities in COVID-19 reflect and compound longstanding underlying social, economic, and health inequities that stem from structural and systemic barriers across sectors, including racism and discrimination.”

Kaiser Family Foundation, [Racial Disparities in COVID-19](#), August 2020

**Imagine if you or someone
you loved needed to be
isolated or quarantined...
what would you need to stay
home for at least 14 days?**

**Employment
Guidance**

**Food and Other
Essential Items**

**Rent or Utility
Assistance**

**Access to
Health Care**

Shelter

**Other
Resources**

COVID-19 Community Services Branch (CSB)

- **CSB connects people to services and supports so they can isolate or quarantine, and stop the spread of COVID-19**
- **TCHD case managers and three community-based partner agencies have reached out to over 1,600 individuals from May to October**
- **CSB staff are learning from individual experiences to advocate for systems changes**

CSB Process: How do people get support?

Who is referred to CSB?

Referrals by County of Residence

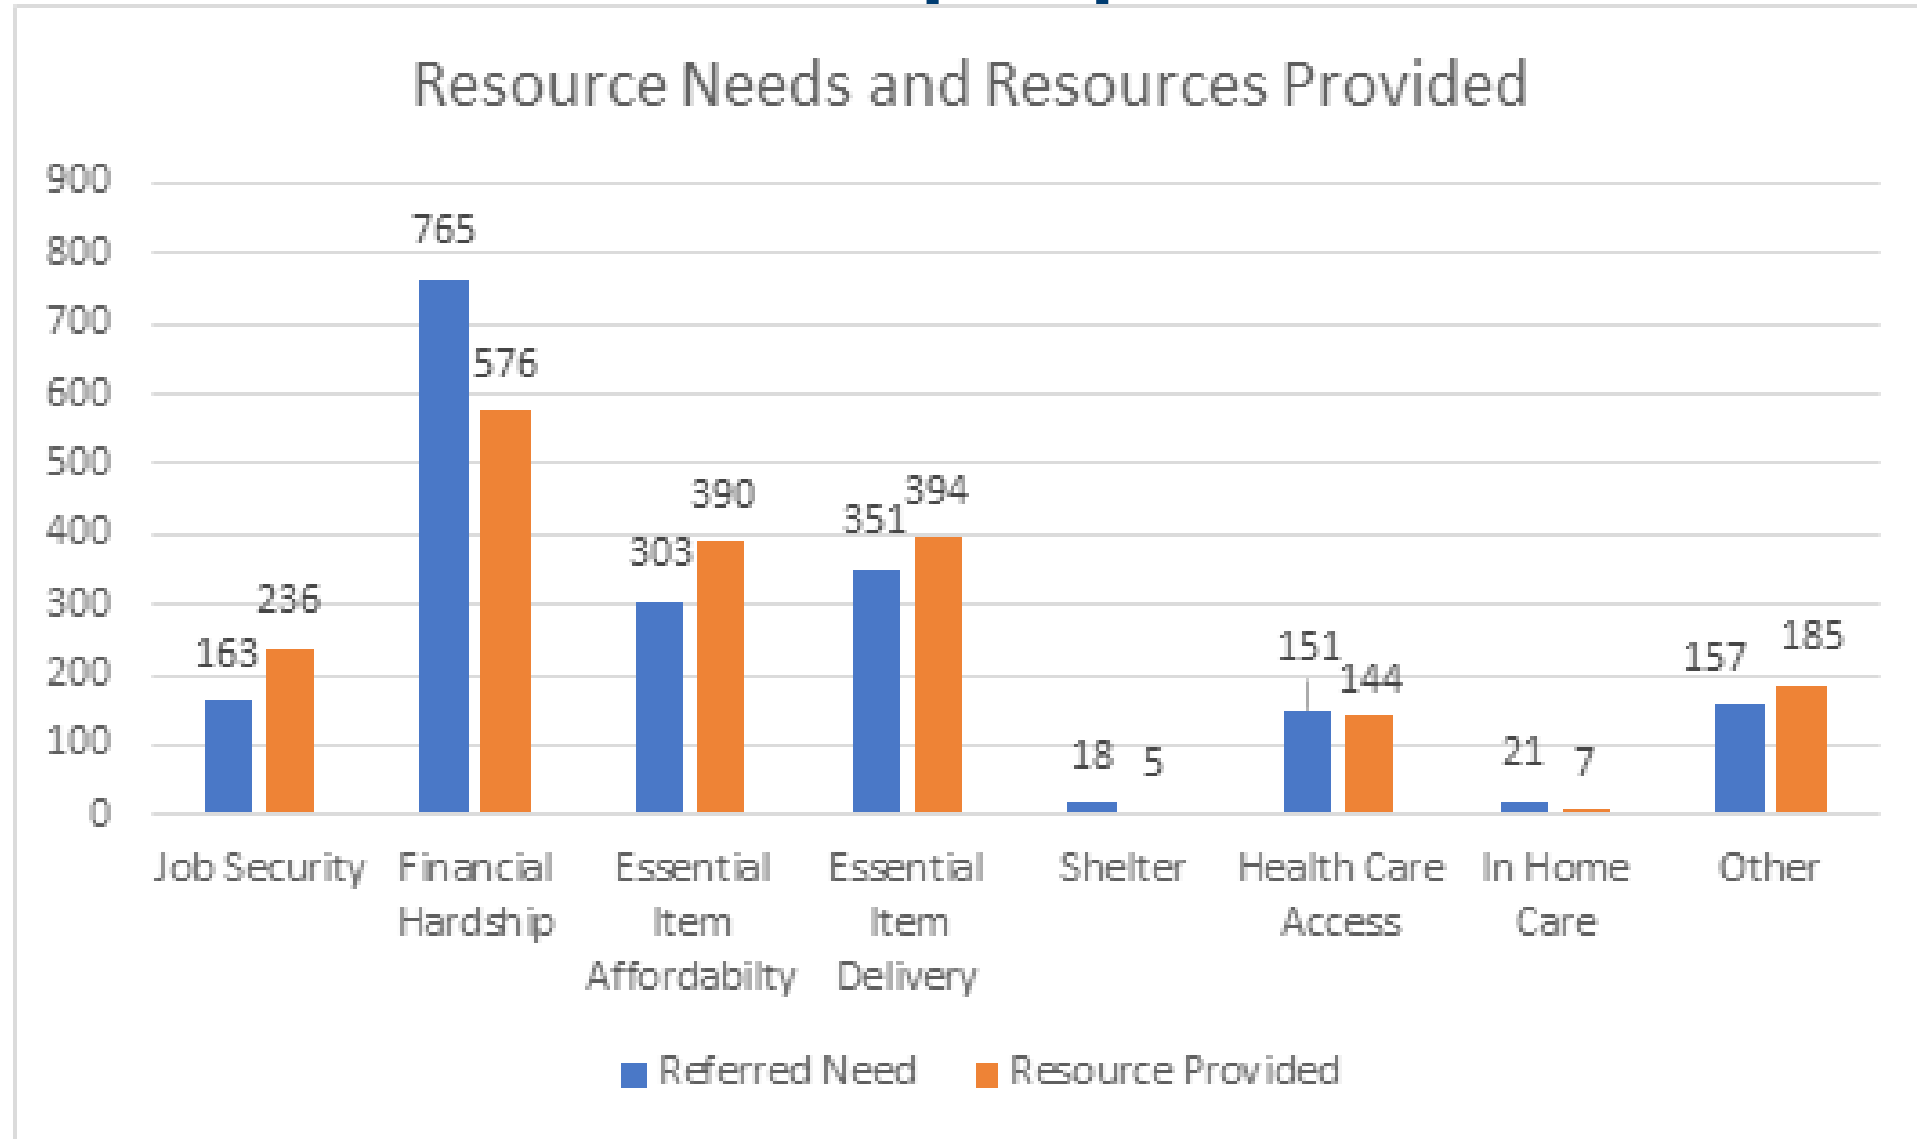

■ Adams ■ Arapahoe ■ Douglas ■ Other

Around half of all CSB referrals speak a language other than English. Spanish is most preferred, though Spring Institute has received referrals for clients who speak an additional 10+ languages.

What are the needs of people referred to CSB?

These are not mutually exclusive as an individual might have needs across multiple categories.

What can you do to help clients impacted by COVID-19 in need of community resources?

- 1. Share the resource list** on TCHD's COVID Community Safer at Home Resources page: https://www.tchd.org/DocumentCenter/View/7318/Community-Resource-Listing-6_29-span-incl
- 2. Guidance for Employees/Employers:**
www.tchd.org/836/Safer-at-Home-Guidance-for-Businesses
<https://www.tchd.org/858/Healthy-Staffing-Project>

Community Partnerships to meet need

- **Contracts with six community partners to provide case management services and delivery of essential goods**
- **Ensures continuity since all organizations will be there to offer support after the pandemic**

Economic Challenges

Rent, Mortgage security deposits

Water bill and electric phone bills

Food- kids are home car repairs

Salary recuperation parking tickets, towing bill

Car payments laundry

exterminator

snacks for kids

Challenges

Case management decreases and need increases

Isolation of aging community

Kids are home and parents are working

Kids aren't receiving the "wrap around" service from

Physical activity reduction

Inconsistency

We Can
