Quarterly Community Meetings

Four times a year we gather for networking, updates, and to hear from a **Did You Know Panel**: folks from our community sharing about healthcare challenges and resources in Aurora. Join us to share information, learn about new resources, and hear what's happening in our community!

Webinars & Convenings

AHA also organizes events and convenings as needed to focus on particular issues that may be of special interest to our community.

Interest Groups

AHA interest groups focus on issues based on the interests of our members, as well as opportunities and challenges that arise in Aurora's healthcare arena.

→ Access to Specialty Care

Understanding barriers to specialty care, and exploring solutions.

→ Behavioral Health

Focusing on behavioral health resources, gaps, and opportunities for growth in the community.

→ Kids Group

Learning about kids' health resources and initiatives in Aurora.

→ Senior Circle

Identifying the needs of Aurora's older adults, and the resources available to meet those needs.

→ Social Determinants of Health

Addressing factors that affect health outside the doctor's office: housing, transportation, poverty, etc.

Aurora Health Alliance Affiliates - These folks have our back!

Affiliation

AHA believes a healthy Aurora depends on awareness of and collaboration among the many superb groups, agencies, and organizations serving Aurora - our many "healthcare stars." AHA's funds come from the community we serve through annual Affiliations. AHA and our Affiliates are dedicated to creating a space in which collaboration is possible and encouraged. We hope to not only be a city of healthcare stars, but one of healthcare constellations.
